

LIVE-EX: Youth Leading Climate Solutions Across Communities

Across Africa, LIVE-EX continues to support youth-led initiatives that translate climate awareness into practical, community-based action. From school gardens and tree planting to digital storytelling and urban clean-ups, young people are proving that local solutions can create lasting environmental and social impact.

Below is a snapshot of recent LIVE-EX local actions.

Kenya: Growing Green Minds

Environmental education through recycling and creativity at Jukumu Letu Organisation.

These initiatives demonstrate that meaningful climate action does not begin with large infrastructure or complex systems. It begins locally with informed, committed young people who take responsibility for their communities.

LIVE-EX continues to support youth in transforming knowledge into action, ensuring that local engagement contributes to long-term climate resilience.
